About us

PA Housing is ambitious about growth.

We are dedicated to increasing our development programme to enable us to build 500 new homes per year predominately focused within London and the South East, **plus the Midlands**. We are financially strong and have an excellent reputation.

We need motivated and driven people who will be able to help us achieve our goals.

Our history

In April 2017 asra Housing Association and Leicester Housing Association – both part of asra Housing Group – amalgamated with Paragon Community Housing to create Paragon Asra Housing (PA Housing). One of the main reasons for the amalgamation was to help meet the need to build more homes.

We have created an ambitious and dynamic housing association and together we own and manage almost 24,000 homes in London, Surrey and the Midlands.

A woman with long brown hair, wearing a red sweater and a black headset, is smiling and looking towards the camera. She is sitting at a desk in an office. In front of her is a computer monitor displaying a website, a multi-line office phone, and a keyboard. A red box with the word 'WORK' is visible on the desk. The background shows a window and a white wall.
